

Schuyler County Youth Substance Use Report Card: 2013 to 2024

The Schuyler County Coalition on Underage Drinking and Drugs (SCCUDD) conducted the first Youth Survey in 2013. Since then, **drug use has decreased across the board** for the most commonly used drugs.

This report card shows how much youth drug use has decreased from the first survey in 2013 (Then), to the most recent survey in 2024 (Now). Any drug that had a percentage decrease greater than 25% has the percentage (%) change noted in **green** below. Each survey year, we also compare our local rates to youth drug use rates nationally. Local rates that decreased by more than the national are noted with **!!**. Local rates that decreased by 2 or more times the national decrease are noted with **★**.

Substance Use in 30-days before survey		Grade 8				Grade 10				Grade 12			
		Then	Now	% Change	Score	Then	Now	% Change	Score	Then	Now	% Change	Score
Alcohol	Schuyler	15.3%	1.7%	↓89.0	★	33.3%	8.2%	↓75.4	!!	46.2%	18.8%	↓59.4	!!
	National	10.2%	5.9%	↓42.2		25.7%	13.7%	↓46.7		39.2%	24.3%	↓38.0	
Tobacco	Schuyler	8.5%	0.8%	↓90.2	!!	7.8%	2.5%	↓68.5		14.0%	2.1%	↓85.0	!!
	National	4.5%	1.1%	↓75.6		9.1%	2.3%	↓74.7		16.3%	2.9%	↓82.2	
Marijuana	Schuyler	7.8%	1.7%	↓78.3	★	20.5%	4.9%	↓76.0	!!	23.7%	14.7%	↓37.8	★
	National	7.0%	4.7%	↓32.9		18.0%	10.3%	↓42.8		22.7%	18.4%	↓18.9	
Vaping*	Schuyler	28.2%	4.2%	↓85.1	★	28.1%	4.9%	↓82.5	!!	25.0%	11.6%	↓53.7	!!
	National	12.2%	8.7%	↓28.7		25.0%	14.4%	↓42.4		30.9%	22.1%	↓28.5	
Rx Drugs**	Schuyler	6.8%	0.8%	↓87.7		13.1%	4.1%	↓68.6		10.1%	2.1%	↓79.1	!!
	National	N/A	N/A	N/A		N/A	N/A	N/A		7.1%	2.1%	↓70.4	

*2019 was the first survey year that included questions about vaping.

**Nationally, prescription drug misuse data is only available for Grade 12.
